

Standard Key Performance Indicators for the ARC Centre of Excellence for Nanoscale BioPhotonics

CNBP ~ Updated Performance Measure	Reporting Frequency	Target 2018	Target 2019	Target 2020
Number of research outputs (provide breakdown – select types of outputs relevant to this Centre from the list above; add other outputs relevant to this Centre as necessary (such as software, data sets, social media, etc)) <ul style="list-style-type: none"> · Journal articles · Book chapters · Patents · Other - unique posts to social media 	Annually	100 2 2 50	100 2 2 50	100 2 2 50
Quality of research outputs (provide breakdown – consider publication quality such as impact factors, peer review of outputs, citation analysis, awards or prizes for outputs, etc) <ul style="list-style-type: none"> % of journal publications in > 3.5 impact factor journals % publications reporting interdisciplinary research Citation data for print publications (Average) Research awards (student prizes, researcher awards, etc) # Media stories from Centre activities # website hits ('000s) - (defined as page views) Publications in top 5% of alt metrics 	Annually	60% 45% 10 each on average for 2014-15 papers 40 40 20 4	60% 50% 15 each on average for 2014-16 papers 40 40 20 4	60% 50% 20 each on average for 2014-17 papers 40 40 20 4
Number of training courses held/offered by the Centre <ul style="list-style-type: none"> # PD courses for staff and postgraduate students % CNBP personnel participating in one or more CNBP PD activity 	Annually	2 80%	2 80%	2 80%
Number of workshops/conferences held/offered by the Centre <ul style="list-style-type: none"> # workshop/conferences for staff and postgraduate students % CNBP personnel participating in one or more CNBP workshop/conference 	Annually	2 80%	2 80%	2 80%
Number of additional researchers working on Centre research <ul style="list-style-type: none"> · Postdoctoral researchers · Honours students · PhD students · Masters by research students · Associate Investigators 	Annually	20 5 40 5 20	20 5 40 5 20	20 5 40 5 20
Number of postgraduate completions (includes Honours, Masters and PhD) <ul style="list-style-type: none"> Honours Student Master Student PhD Students 	Annually	5 5 10	5 5 10	5 5 10
Number of mentoring programs offered by the Centre	Annually	4	4	4
Number of presentations/briefings <ul style="list-style-type: none"> · To the public (including schools) · To government (parliamentarians and departments/agencies at both State and Federal level) · To industry/business/end-users · To professional organisations and bodies 	Annually	15 20 15 15	15 20 15 15	15 20 15 15
Number of new organisations collaborating with, or involved in, the Centre	Annually	1	1	1

Centre-Specific Key Performance Indicators for the ARC Centre of Excellence for Nanoscale BioPhotonics

CNBP Specific Measures <ul style="list-style-type: none"> Internships with Industry Publications with International collaborators International Funding Applications with international collaborators Tech transfer/Spin out/ start-up Companies Joint funded projects with industry (e.g. ARC Linkage Projects) Dependant and/or carer travel scholarships available for Centre members Nurturing Environment committee to review and update GED Policy annually 	Annually	3 20 4 4 3 \$5,000 yes	3 20 4 4 3 \$5,000 yes	3 20 4 4 3 \$5,000 yes
